SUBMISSION SCHEDULE
(Published September, 2008)

DUE DATE FOR SYSTEM PLANS

Every 3 rd Year Beginning: May 15, 2011	Each school year November 1
School Systems Target School Systems	All High Priority Systems

SACS CASI ACCREDITED SYSTEMS

1. If your system has a Southern Association of Colleges and Schools (SACS CASI) district visit during the year you are due to submit your TCSPP to the state, the system may submit the TCSPP as reviewed by the visiting team. The SACS CASI visit must occur prior to May 15th of the year the TCSPP is to be submitted.
2. If your system had a SACS CASI district visit during any year prior to the year you are due to submit your TCSPP to the state, your plan and the student performance information will not be current. Therefore, the system will submit the fully developed, complete, updated TCSPP. To update your plan requires that you review and analyze your most current student performance data. You will then be able to identify next steps/goals to address the challenges identified by the new data.
